**Dear Mr. Barten,**

**I would like to take this opportunity to inform you of what an outstanding job your Company has done in the performance of their work during the construction of the Exxon Mobil LSM MOGAS project in the Joliet Illinois Refinery. My assigned responsibilities have been to assist Exxon Mobil in the Pre-Site Acceptance Testing and Site Acceptance Testing for the 2-G-7 and 21-G-5 Compressors, and the G.E. MICRONET System, which included the Bently Nevada Vibration and Temperature Monitoring Systems.**

**Your supervisory staff and electricians have been the best I have ever had the opportunity to work with. They have followed and constructed the engineering and design work in a most professional and trouble free installation and checkout. They are extremely knowledgeable and skilled in their job duties and responsibilities. Each person has done their work with pride and a positive attitude. They also have been safety minded and most helpful in satisfying KBR/KCI, and our client Exxon Mobil.**

**I would like to thank the following listed individuals for a job well done, and would recommend your company to any engineering an design contractor:**

<b>Front Line Supervision:</b>	<b>Kevin Pendry</b>	<b>David Andrew</b>
	<b>Randy Frye</b>	<b>Terry Gruber</b>
	<b>Tim Thompson</b>	<b>Mike Olsen</b>

**Electricians/Technicians:** Bill Wilcox  
Jerry Simkins Rick Surman  
Mike McDonald Al Lick  
Dave Pontious Tom Proffit  
Don Halm Eugene Fredericks  
John Darcy Wayne Lewandowski  
Scott Secombe Vince Alcala  
Mel Ebsen Jim Hasty  
Jubal Marroquin Janson Valkovich  
John Visocky

**These personnel helped the client have the T,s crossed and the P's dotted for a successful installation.**

Sincerely yours,

**Harry J. Medley, P.E.  
Senior Work Group Lead  
Control Systems Engineer  
Retired from KBR  
Acting Consultant for MWKCI**
